EDUCATION

Anurag University – B.Tech in Artificial Intelligence (2024 – 2028)

Narayana Junior College – Intermediate (2022 – 2024) | Score: 785/1000

Narayana School – SSC (2022) | GPA: 8.5

TECHNICAL SKILLS

Programming: Python, SQL

Libraries: NumPy, Pandas, Matplotlib, Scikit-Learn

Tools: Git, GitHub, VS Code, Jupyter Notebook

Concepts: Machine Learning Basics, Data Analysis, Algorithms

PROJECTS

Stock Price Prediction using Machine Learning

- Built a model to predict stock prices using historical financial data.
- Used Python libraries such as Pandas, NumPy, and Scikit-Learn.

College Campus Graph Visualization

- Created a campus graph using NetworkX and implemented BFS/DFS traversal.
- Visualized shortest paths between campus locations.

Student Data Analysis System

- Analyzed student performance data and generated charts for insights.

ACHIEVEMENTS

- AR Robotics Workshop – Line Following Bot (Feb 6–7, 2025).
- Visionova 2K25 – 24-hour National Level Hackathon Participant (Mar 6–7, 2025).

POSITIONS OF RESPONSIBILITY

- Project Based Learning Club – Organizing Team Member.

AREAS OF INTEREST

Artificial Intelligence, Machine Learning, Data Science, Software Development

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Critical Thinking
